

Give a Gift to Yourself ...

Christ Renews His Parish (CRHP) is a single weekend experience for parishioners - Catholics or future Catholics - who want to spend about a day and a half away from the hustle bustle of life, spending that time instead, here at our parish ... completely immersed in an experience of faith, fellowship and a ton of great food ... to feed you both in body and spirit.

The gifts you receive when you sign up for a CRHP weekend are many!

TIME - A primary gift of the weekend is time. Time away from work. Away from stress. Away from obstacles that may be keeping you from developing a real relationship with God and your parish.

FAITH - Another gift is that of faith ... a chance to learn a little more about what the Bible means and how it can impact a life's journey. Words in this book are spoken every Sunday, but how often do we really pay attention? A CRHP weekend is a great way to kick-start the habit of listening to God's word and living by his example.

TIME WITH CHRIST - A CRHP weekend is a time for you to have some serious one-on-one with the big guy ... Jesus ... who is the source, the summit, the reason for all that we do here at Mass and on a CRHP weekend.

And one more gift ...

The **LAST GIFT** is that of fellowship. A CRHP weekend is a great way to get to know a few of your fellow parishioners. Strangers, at first, who will become your friends and fellow parishioners on the journey of life.

How awesome it is to come to Mass on Sunday and no longer be a stranger to others. How awesome to get to know some guys or ladies who share the same joys and challenges in life.

CRHP will draw you into our parish family. We invite you to be a part of it.
